BARGES ARRIVE AT TEST SITE IN HANCOCK COUNTY

GAINESVILLE, Miss. — Two 135-foot-long barges, each equipped with an insulated vacuum tank of stainless steel for the transport of liquid hydrogen at super-cold temperatures, passed through the navigation lock of the National Aeronautics and Space Administration's Mississippi Test Facility Sunday about 7 p.m. The barges were moved to the cryogenics dock and storage area where the tanks will be acceptance checked, cleaned and prepared for use in transporting fuels to the test site for stages and rocket engines of space launch vehicles.

The converted U. S. Army barges, under tow of the tug "Sipsey," arrived via the Mississippi Sound and the East Pearl River from Pascagoula, Mississippi, where the tanks were fabricated and installed by the Chicago Bridge and Iron Company under a NASA contract.

The barges and tug were lifted approximately 13 feet in the lock, which measures 670 feet long, to the high elevation of the canal system in the test site. They were the first major vessels to transit the lock since last June 28 when a Saturn V second stage simulator fixture arrived.

The barges mounted tanks, 99 feet long, each have a capacity of 250,000 gallons of liquid hydrogen. The fuel, which will be transported from a gas liquefaction plant at New Orleans, must be maintained at temperatures as low as minus 425 degrees Fahrenheit.

Mississippi Test Facility, an operation of NASA's Marshall Space Flight Center, Huntsville, Alabama, is responsible for ground testing stages of the Saturn V space vehicles.

A resolution asking the Mississippi Highway Department to continue the four-laning of U. S. Highway 90 westward from the junction of state Highway 43 to the Louisiana line was passed by the Hancock County Chamber of Commerce Monday night.

The action was taken at the quarterly C of C general membership meeting held in the Coast Electric Power Association building.

H. G. Dean Hancock County supervisor, and Lee Wood of Gulfport, Mississippi Power Company, were among those speaking in continuance of work already underway in four-laning of Highway 90 in Hancock County.

The highway is four-laned within the city limits of Bay St. Louis already, construction is underway on four-laning from the junction of Highway 43 eastward to the truck weighing scales, and bids are scheduled to be opened this month on four-laning from the city limit to the scales.

In passing the resolution, the chamber pointed out there has been a growth in the population of the western end of the county around Pearlman and an increased traffic volume on the highway between the Coast and New Orleans.

The chamber also discussed the need for adequate airport facilities in the county to serve the rapidly growing population and industrial activity.

A meeting was to be held at city hall Wednesday with Marion Kent of the National Aeronautics and Space Administration, representatives of the cities of Bay St. Louis and Waveland and the board of supervisors to discuss the matter.

Presently there is a small landing strip on the Kiln road which is used by private aircraft commercial planes, the chamber noted.

The possibility of forming separate councils within the chamber to handle matters concerning different areas of the county, such as Bay St. Louis, Waveland and Highway 90, was also discussed.

A committee will be named to continue further study on the matter with the intent of setting up these councils for the beginning of the chamber year in January.

The topic of annexation was also brought up at the meeting and another committee is to be named to study this in greater detail.

Ideas to be considered will include the possibility of annexation of additional territory by Bay St. Louis and Waveland and what the benefits would be.

The topic of annexation was also brought up at the meeting and another committee is to be named to study this in greater detail.

NEW NEGRO BISHOP ALUMNUS OF DIVINE WORD SEMINARY

REV. CARLOS A. LEWIS, SVD

On July 2 Vatican Radio announced the appointment of Rev. Carlos A. Lewis, SVD, as Auxiliary Bishop of Panama City, Republic of Panama. The Divine Word Missionary is the second Negro trained at the Divine Word Seminary, Bay St. Louis, Mississippi to be made a bishop. Most Rev. Joseph O. Bowers, SVD, Bishop of the Diocese of Accra, Ghana, was consecrated by Cardinal Spellman on November 27, 1952 at Our Lady of Gulf Church, Bay St. Louis, Mississippi.

The Bishop-elect is presently assistant rector of the College of St. Peter the Apostle in Rome, a residence for post graduate students from mission dioceses dependent on the Congregation for the Propagation of the Faith. Prior to his assignment as assistant rector in June 1964, Father Lewis was made prefect of theologians, starting in 1961, at the College of the Divine Word Missionaries also in Rome.

He was ordained to the priesthood February 24, 1949 by the Most Rev. Leo Arkfield, SVD, Bishop of Central New Guinea. The year following his ordination he was assigned to Rome to continue his studies. Having attained the degree in Sacred Theology at the Gregorian University, he returned to St. Augustine's in 1952. Here he held the position of Professor of Fundamental and Dogmatic Theology. Simultaneously he worked as assistant Editor of the St. Augustine's Messenger, in 1952; in 1953 he held the office of spiritual director of the Brothers; and in his last three years at the Seminary he was prefect of scholastics.

Father Lewis began his seminary training at St. Augustine's in 1928 and graduated in 1941. His novitiate and first vows were made at the Divine Word Seminary, Techy, Illinois. He returned to St. Augustine's for his other and perpetual vows, for the latter of which he received in 1948. The same year Most Rev. Richard O. Gerow, Bishop of Natchez-Jackson conferred upon him the subdeaconship.

Father Lewis was born February 2, 1918 in LaBoca, Canal Zone, Panama. He is the son of Mrs. Josephine Lewis and the late Mr. Edmund W. Lewis (recently deceased). He is one of nine children. His brother Rev. Gerald Lewis, also a Divine Word Missionary, is a member of the faculty of Verbum Dei High School at Los Angeles, California. One of his sisters, Sister Placidus, has been in the Holy Family order for 15 years. She has been recently transferred to St. Paul School, Lafayette, La., where she was employed as a teacher at Holy Rosary School, Galveston, Texas.

Attending the state meeting of the Mississippi Jurisdiction Knights of Columbus at the K. C. home, Jackson, Sunday were Henry Lang, Grand Knight Pere Le Duc Council, Robert Hubbard, Fourth Degree Faithful Navigator, George Heilmann, State Advocate, and Carl Bandeter.

The Most Rev. R. O. Gerow, Bishop Natchez-Jackson Diocese, state chaplain, attended the session and State Deputy Charles Rhema, Greenville, presided.

Plans were made for a picnic for members and their families July 25 at Cox's farm.

MTF POPULATION HAS NOW PASSED 5000

GAINESVILLE, Miss. — The number of employees at the National Aeronautics and Space Administration's Mississippi Test Facility has topped a new high. For the first time since construction started over two years ago the number of employees associated with the facility has passed 5,000.

The population report for this week shows a total of 5,199 persons engaged in work associated with the establishment of MTF.

The breakdown shows NASA with 98 employees, 88 to whom are permanent; General Electric Company, 1,280; G. E. Subcontractors, 704; U. S. Army Corps of Engineers, 170; Corps Land Acquisition Office, 7; U. S. Weather Bureau, 8; The Boeing Company, 47; North American Aviation, Incorporated, 399; construction and installation workers, 2,484.

The Mississippi Test Facility, now entering its final phase of preparation, will static test the first two stages of the Saturn V moon rocket. MTF is a component installation of the George C. Marshall Space Center, Huntsville, Alabama.

JAYCEES SPONSORING DEVELOPMENT SEMINAR AT BROADWATER TONIGHT

The Jaycee Coast Council and Jaycees of the Mississippi Gulf Coast are sponsoring a Development Seminar at 8 p.m. tonight at the Broadwater Beach Hotel.

The development panel includes Lt. Governor, Carroll Gartin, Ned O'Brien, A & I Board's Tourist Department, representative of NASA's Mississippi Test Facility, Owen D. Belcher, U. S. Army Engineers, Jack Stanford, president, Gulf Coast Hotel Assn., Earl Hannon, Senior Vice President, Ingalls Shipbuilding Corp., and Lee Wood, Mississippi Power Company Industrial Development Dept.

Mississippi Gulf Coast Development needs in the fields of industrial and tourist development and public affairs were discussed. Radio stations in the area were asked by the Jaycee Coast Council to record the discussion for rebroadcast Sunday, July 18.

The local Jaycees dispensed with their regular semi-monthly meeting scheduled for tonight and attended the seminar.

BAY ST. LOUIS MAJOR AWARDED

NHA TRATG, Viet Nam — Major Manuel R. Richardson, 40, of 412 State St., Bay St. Louis, Miss., has been awarded the U.S. Air Force Air Medal at Nha Trang AB, Viet Nam, for aerial achievement.

Major Richardson, a pilot, won the award for his personal bravery and airmanship in the fight against Communist aggression in Viet Nam.

The major is in a unit of the Pacific Air Forces which assists and advises Vietnamese Air Force crews on combat tactics against the Viet Cong.

Major Richardson, a graduate of Saint Stanislaus High School, attended Florida Southern College. He was commissioned through the aviation cadet program.

His wife, Patsy, is the daughter of Carl B. Gattis of Denison, Tex.

"THE GAZEBO" AT LITTLE THEATRE TONIGHT

The two act comedy-melodrama, "The Gazebo," by Alec Coppel will be presented tonight at the local playhouse on Boardman Avenue. Performances will also be given on Friday and Saturday. Curtain time is 8:15 P. M.

In the lead roles are Frances Franchiewicz and Phil Allison. Featured in supporting roles are Bill Fray, Liz Whitfield, Andre Arceneaux, Marlene Hart, and Bitt.

Second Drowning This Area Sat.

La. boy drowned Saturday in the Mississippi River at Waveland, Sheriff Sylvan reported.

John Meyer Jr., 15, son of Mr. and Mrs. J. Meyer, was pronounced dead at Hancock General Hospital where he was taken by ambulance, the sheriff reported.

The jury empaneled by Judge Piazza at the hospital death due to "Accidental Drowning."

Sheriff Sylvan said the body was observed floating off the foot of Waveland Avenue about 3:45 p.m. by three youths who were on a pier in front of Holy Cross Camp where the victim was serving as a counselor.

The youths brought the body to shore where Brother Stanley from the camp administered artificial respiration without results, the sheriff stated.

Meyer had last been seen about 3:15 p.m. on the pier according to Ladner, and it was estimated at the hospital that the body had been in the water about 30 minutes.

The remains were taken by Riemann's Fahey-Whitfield Funeral Home to Mothe Funeral Home, Gretna, where services were held at 11 a.m. Monday.

Sheriff Ladner was assisted in the investigation by Waveland Town Marshal Fred Bourgeois and Deputies Lee Klein and Oliver Sahuque.

Miss Janet Blaize, daughter of Mr. and Mrs. Joseph Blaize, nee Hazel Kergosien of Tulsa, Oklahoma, formerly of Bay St. Louis, recently played the part of Anne in "The Diary of Anne Frank" when the play was presented at Bishop Kelly High School in Tulsa.

Janet, a graduate of Bishop Kelly High School this year, reigned as Miss Kelly during her senior year and was selected as the

MANY FROM HERE ATTEND CONVENTION

Among those from Bay St. Louis noted at the American Legion and American Legion Auxiliary's annual convention over the weekend at Buena Vista Hotel, Biloxi, were Mr. and Mrs. Joseph Benvenutti, Mr. and Mrs. Gilbert Gayaut, Mr. and Mrs. Russell Elliott, Mr. and Mrs. R. J. Reineke, and daughter Michael, Mr. and Mrs. Richard Ferguson, Mr. and Mrs. Robert Everly, Mr. and Mrs. John Rutherford Jr., Mr. and Mrs. John Wilkerson, Mr. and Mrs. D. W. North, Donald Mauffray, Tom Logue, Mr. and Mrs. Clyde Craig, Mrs. Gordon Romanoff, Mrs. Rene Bernomond, Mr. and Mrs. Chester Favre, Mr. and Mrs. Robert Lauderdale and Mrs. Esther Oshmann.

The local Post was presented first place award for child welfare during Saturday morning's session. Mrs. Clyde Craig served as sergeant at arms during the Auxiliary convention.

Mrs. Jennie B. Gillaspie of New Orleans was a guest last week of Mr. and Mrs. George L. Seuzenau Jr. and family.

COURTAULT DEATH AT LOCAL HOSPITAL

Walter Joseph Courtault Sr., 72, died at 11:45 p.m., Thursday, July 8, at Hancock General Hospital, where he had been a patient for several days.

A native of New Orleans, he had resided in Waveland for the past 20 years.

Mr. Courtault is survived by his widow, Mrs. Annie Lavalie Courtault, Waveland; three daughters, Mrs. Eunice Cruden and Mrs. Lenora Kelly, both of Waveland; Mrs. Marion Kennair, Slidell; a son, Walter Joseph Courtault Jr., Waveland; eight grandchildren, a brother, Louis Courtault, Arabia, La.; and four sisters, Mrs. Mildred Mitchell and Mrs. Margaret Mitchell, New Orleans; Mrs. Rosalie Bunnell, Baton Rouge; and Mrs. Julia Anzel, Metairie, La.

Funeral services were held from the funeral home of Jacob Schoen Sons, Inc., at 2 p.m. Saturday with religious rites at St. Anne's Episcopal Church. Interment was in St. Louis No 3 Cemetery.

CARD OF THANKS

We wish to express our appreciation and gratitude to Father Jans, the good nuns, our relatives and friends, who were so kind to us in our darkest hours, at the time of the death of our wife, Mother, daughter and sister, Mary Catherine.

Special thanks to those who had masses said, sent floral offerings, sympathy cards and prepared food. Also Imperial Funeral Home.

The Gorman and Garrett Families

Our summer storage fills the bill!

Protect your garments against heat, excessive dryness, moths and mildew this summer. Our modern facilities provide fine cleaning and safe storage for winter wear, blankets and draperies. Call us today for prompt service.

FIFTIETH WEDDING ANNIVERSARY

Mr. and Mrs. Moses Singleton celebrated their 50th wedding anniversary Wednesday, July 14. The couple renewed their marriage vows at 8 a.m. Mass in St. Rose de Lima Catholic Church with Rev. William Jans, pastor, officiating.

Mr. and Mrs. Singleton, nee Vivian Rosamond, natives and lifelong residents of Bay St. Louis, were married July 14, 1915, in Our Lady of the Gulf Catholic Church with the late Rev. John Prendergast, officiating.

They have nine children and 32 grandchildren.

Mrs. Vivian Cooper arrived Sunday from Chicago, Ill., to spend several days with her parents.

BAILEY FINAL RITES NEW ORLEANS

Funeral services for Ernest Troupe Bailey, who died at 12:10 a.m., Friday, July 9, in New Orleans, were held at 1 p.m. Sunday from F. Laudumey Funeral Home with interment in St. Vincent De Paul Cemetery No. 3.

Mr. Bailey, a brother-in-law of Mr. and Mrs. Frank Lagarde of Bay St. Louis, owned a summer home here where he was a frequent visitor for the past 12 years.

Survivors are his widow, Mrs. Marie Lagarde Bailey, a daughter, Marie Bailey and two sisters, Mrs. C. L. Purvis, Pembroke, Ga., and Miss Daisy Bailey, Chattanooga, Tenn.

CUEVAS DEATH IN GULFPORT HOSPITAL SATURDAY

Oliver L. (Shorty) Cuevas, 58, Rt. 1, Pass Christian, Ldianier Community, father of Mrs. Adaline Malley, Dedeaux Community; died at 10:20 a.m., Saturday at Gulfport Memorial Hospital.

Mr. Cuevas was a sheet metal worker at Ingalls Shipyard, Pascagoula.

A native of Harrison County, he was a member of St. Williams Catholic Church and Holy Name Society.

Other survivors are his widow, Mrs. Viola Ladner Cuevas; three sons, Everette Cuevas, Pass Christian; Elliott Cuevas, Long Beach; and Douglas Ray Cuevas, Orange Grove; two daughters, Mrs. Mildred Necaise, Rt. 1, Pass Christian and Mrs. Adaline Malley; 13 grandchildren; a brother, Levi Cuevas, Rt. 1, Pass Christian; and two sisters, Mrs. Vanellia Necaise, Rt. 1, Pass Christian, and Mrs. Cornelia Ladner, Standard Community.

Funeral services were held from Riemann Funeral Home Chapel Pass Christian, Tuesday morning with religious rites at St. Williams Catholic Church with the Rev. Owen Farrell of DeLisle, officiating.

ROY V. LADNER DIED MONDAY AT LOCAL HOSPITAL

Roy Victor Ladner Sr., 64, a native of Lakeshore, Miss., and a resident of New Orleans for 27 years, died at 5:25 a.m. Monday in Hancock General Hospital where he had been hospitalized for a day.

He is survived by his widow, Mrs. Norma L. Ladner; a daughter, Miss Norma Jean Ladner and a son, Roy Victor Ladner Jr., all of New Orleans; three sisters, Mrs. David Ladner, Bay St. Louis; Mrs. Clara Hill and Mrs. John Saleeby, Clermont Harbor.

Funeral services were held from Riemann's Fahey-Whitfield Funeral Home at 9:30 a.m. Tuesday followed by religious rites in St. Ann's Catholic Church, Clermont Harbor, with the Rev. Father Duveney, pastor, officiating. Interment was in Lakeshore Cemetery.

Pallbearers were Jerry Sorro, Gary Ladner, Ronald Ladner, Harvey O'Farrell, Ray Bordages and Ole Moran.

NO WAVELAND NEWS FOR THIS WEEK

Due to illness in the family of our Waveland correspondent, there will be no Waveland News Column this week. We feel quite sure, though, that she will be back on the job next week and the column will resume as usual.

PERSONALS

Weekend guests of Mr. and Mrs. O. O. Swords were his brother and sister-in-law Mr. and Mrs. Paul Swords and Mrs. George Bailey all of Pontotoc, Miss. Visiting in their home last week was Mr. Swords' sister, Mrs. John McMillen of Pittsburg, Miss., while her husband attended a preacher's conference at Gulf Shores, Henderson Point.

Mr. and Mrs. Edward Lafontaine and son Edward Jr. of Kenner, La., returned home Monday after a weekend visit with her sister Miss Francis Fautetta and Mr. Lafontaine's parents in Pass Christian.

County Agent O. O. Swords will enter Hancock General Hospital next Monday for a physical check-up.

Mr. and Mrs. Theo Tudary Jr. have returned from a vacation in Florida.

While away their children Mary Beth and Scott were guests of their uncle and aunt Mr. and Mrs. Dan M. Russell.

They will spend several days with his parents before returning to their home in Morgan City.

Mr. and Mrs. H. P. Kothmann and family of Waveland have had as their guest for the past week Mrs. Kothmann's sister, Mrs. Olga Champagne of New Orleans.

On Sunday they were joined by other relatives from out of town. Mrs. Kothmann's brother-in-law and sister, Mr. and Mrs. William Mitchell and children Steve and Jeff of Woodberry, Conn. Also Mrs. Champagne's four children and their families, Mr. and Mrs. Kenneth Champagne, Kenneth Jr., Karen and Debrah; Lois Morse, Michael and Lorrie; Mrs. Robert Weisler, Robbie and Susan; and Mr. and Mrs. Douglas Champagne all of New Orleans.

While here they enjoyed some of the Coast's finest seafood, Saturday night eating boiled crabs at Jerry and Mary's Restaurant and Monday evening dining at Annie's Restaurant with flounders and stuffed crabs at the top of their menu.

Ketchum

The high hills, covered with vines and trees make the scenery beautiful, the hills resembling mountains. According to those who hunt, game is plentiful and there is room for all. For fishing and hunting it is best to know someone who knows where to go. This applies to those who go most anywhere. We met such fellows and had some pleasant and profitable trips. Fish are caught by casting, fly fishing and with bait. Worms and other live bait can be bought almost anywhere. Selling fishing tackle and bait is a big business in the state.

Thelakes are large with clear water, deep in spots and shallow in others. They are fed by deep clear water from the cool head waters of the Chestatee and Chatahoochee Rivers, plus hundreds of small islands, coves, and inlets have made Lake Lanier an ideal fishing lake. The lake covers 35,000 acres.

Crappie fishing at night is a favorite sport with many fishermen in Lake Allatoona. Tree tops favored spots with good luck also comes. Most any fisherman would enjoy this kind of sport.

Our son-in-law and daughter Mr. and Mrs. Howard Duff and family live in Marietta. Howard is in the Air Force at Dobbins Field. He is busy but managed to get 30 days off. We enjoyed a little fishing and bowling.

Enjoyed getting our copy of the Eagle while here. Was like receiving a letter from home.

LOCAL SPORTSMAN

Who has been a hunter and fisherman all his life says he has gotten his share of game. Besides mending our shoes Manuel knows how to hit the nail on the head when it comes to entertaining his friends with stories of his hunting and fishing expeditions. We think the rabbits of the county are glad that he has about put the old blunder bus on the shelf. He enjoyed hunting the bushy tails and got his share.

"These musical horns scare me half to death."

"Why?"

"Well the guy who ran off with my wife had one on his car and every time I hear one I think he's bringing her back."

Bob Andrews and a group of business associates of Marietta, Ga. made a fishing trip out of Mobile over the 4th of July week.

They returned home with a nice catch of lemon fish, speckles, etc. Isn't it wonderful to live right where the fish are?

Visited the Lockheed Corporation outside of Marietta and saw air planes of the largest type under construction. These planes are the largest made in the country. Dobbins Air Force Base is also located at Marietta and is a combination of Reserve Air Force and Navy operations. Made trips to Atlanta where like all other large cities is growing in leaps and bounds. Marietta is practically a suburb of Atlanta and subdivisions are being born over night with homes out of this world. A red clay soil predominates and stains shoes and clothing pitifully but is easy to get used to.

Met Jessie and Mrs. Landers they are next door neighbors and swell folks. Jessie says he loves fishing but can't find time to go. Will be looking for that visit some time.

Commission forester examining a pine seedling planted in a gully on a small watershed. Since 1959 the Commission has planted 16.6 million trees on the small watersheds which will conserve soil and water, prevent flooding, increase land productivity and improve hydrologic conditions, while a crop of wood is being grown for the landowner.

Forestry Commission's area forester in each county, or other agricultural agencies.

Planting trees on idle lands is like putting money in a savings account. The increase in value takes place rapidly. Idle land produces a crop of taxes to be paid each year and no money with which to pay them.

In addition to producing valuable future harvests, planted trees provide many fringe benefits. They conserve soil from the ravages of erosion and help prevent destructive floods and silting of streams. They make the landscape more beautiful and provide cover and food for wildlife.

Because of the financial returns alone, seedlings are a good investment. Although the price of nearly everything else has gone up, seedlings still cost the same as in 1959. The first thousand are free to each landowner. All additional seedlings are \$4.50 per thousand. A charge of 35 cents per thousand is made for delivery of seedlings to a central location in the county. Persons ordering 25 thousand or more seedlings may have the delivery charge by picking up their seedlings at the nursery.

Owners interested in planting trees may contact the Forestry Commission's local forester to obtain assistance in selecting the best kind of trees for the land to be planted and determining the number of trees needed.

Happy Anniversary to Mr. and Mrs. Sherman Nease who will celebrate their ninth year of wedded bliss July 15.

Mr. and Mrs. August Ladner and daughter Brenda, Skippy Starita, Mr. and Mrs. William Bourgeois and family attended an all day outing on Jordan River with the Claiborne Ladner family in honor of their son, Wayne, who is home on leave from the service. A barbecue and swimming were part of the days activities.

Tommy Moran's Band will be playing at Jimmy Ladner's Lounge in Ansley on Friday nights and Marvin, Milton and Herman Ladner and Richard Proctor's Band will play on Saturday nights.

Congratulations to Patty Green, daughter of Mr. and Mrs. Victor Green Sr., of Lakeshore who received a trophy for the Outstanding Day Camper at St. Joseph's Summer Camp Site in Bay St. Louis.

SO. BELL SHOWS FILM "SLIPS AND FALLS"

Is a steelworker working on girders hundreds of feet above the ground involved in less hazardous work than an office employee?

Your immediate reaction: Of course not, that's a ridiculous comparison! But is it? You may have some different feelings on the subject, according to J. C. Dabney, Bay St. Louis telephone manager, after you've viewed a new Bell System film, "Slips and Falls."

The film compares the seemingly hazardous work of skyscraper steelworkers with seemingly safe occupations in offices and shops and uncovers some rather startling facts.

The film's theme is safety-on or off the job is a matter of attitude. As the steelworkers seated on girders high in a skyscraper under construction say: "Up here, we know we are in a hot spot, so we turn on our eyes — and keep them turned on." In offices, shops and homes, familiarity with poten-

LAKESHORE AND CLERMONT HARBOR NEWS

St. John's Catholic Church will hold its annual fair this weekend July 17 and 18 on the Lakeshore Church grounds.

Mrs. Victor Green Jr. hosted a Tuffy Ware party July 13 at the Clermont Lakeshore Youth Center.

Visiting Mr. and Mrs. George Powers of Lakeshore is Mrs. Power's daughter, Mrs. Yvonne Thomson and her sons, Keith and Tommy of El Paso, Texas.

Larry Lohman, grandson of Mrs. May Courage of Lakeshore, is now employed at the Tennessee Gas Company in Ansley.

The communities of Lakeshore and Clermont Harbor extend their deepest sympathy to the family of Roy Ladner of New Orleans and Clermont Harbor who passed away in Hancock General Hospital Monday, July 12.

Interments were held in the Lakeshore Cemetery Tuesday morning following a 10 o'clock mass in the St. John's Catholic Church.

Get well wishes are extended to Mr. and Mrs. Rob Ladner, who are both on the sick list; and to Mrs. Irene Ladner, who is in the Hancock General Hospital recovering from a heart attack.

Mr. Lyonnine Ladner of Marerrio, La. spent the weekend with his parents, Mr. and Mrs. August Ladner of Ansley.

Terrell and Mickey Jean Ladner have returned from their honeymoon in Florida and are residing in Ansley.

Terrell is now employed at the American Marine in Chef Menteur.

The home of Mrs. Bessie Yarbrough of Lake Catherine was filled again with reminiscing, fun, laughter, and feasting when on Saturday, June 26 about forty of her offsprings gathered for a family reunion.

Those attending from here were Mr. and Mrs. Ernest Ladner and family and Mr. and Mrs. William Evans and family, both of Ansley. Mrs. Yarbrough is the wife of the late Wesley Yarbrough, who was born and reared in Lakeshore.

Happy Anniversary to Mr. and Mrs. Sherman Nease who will celebrate their ninth year of wedded bliss July 15.

Mr. and Mrs. August Ladner and daughter Brenda, Skippy Starita, Mr. and Mrs. William Bourgeois and family attended an all day outing on Jordan River with the Claiborne Ladner family in honor of their son, Wayne, who is home on leave from the service. CHANCERY SUMMONS NO. 9708

THE STATE OF MISSISSIPPI TO: HEIRS AT LAW OF ALEXANDER SWANSON & KATHRYN R. SWANSON, BOTH DECEASED

You are summoned to appear before the HONORABLE WILLIAM G. HEWES, Judge of the Chancery Court of the County of Hancock in said State, at 12:00 o'clock noon, on the 30th day of July, A. D., 1966, in vacation, at the Courthouse in Gulfport, Harrison County, Mississippi, to defend the said No. 9708 in said Court of EMILE A. BERTUCCI, JR.

This 6th day of July, A. D., 1966. (SEAL)

MARIE E. QUINTINI, By: April Vaughan D. C. MICHAEL D. HAAS

Bay St. Louis, Mississippi Attorney for Petitioner 7/8/66

FORESTRY NOTES

Landowners in Mississippi should take advantage of the tremendous expansion of wood industries now taking place, by stepping up their timber-growing efforts, says State Forester Jack Holman.

He says that new plants and expansions announced during the past eighteen months will increase by 80 percent the volume of pulpwood harvested in the state when all plants are in production. "Additional pulp mill locations are being studied by industry and announcements of more plants may be expected," declared Holman.

The Mississippi Forestry Commission is now accepting orders for seedlings to be delivered next winter. Species available include loblolly, slash, long leaf and short leaf pine. In addition, several hardwood species are available including yellow poplar, sweetgum, sycamore, bald cypress, black locust, green ash, tupelo gum and cottonwood. Red cedar is also available.

Applications should be submitted as soon as possible. Order forms can be obtained from the

with the very best in weapons, medical attention, supplies and everything else, and in great abundance. We must certainly keep those supply lines filled and everything in need is being supplied now.

INFORMATION REGARDING WELFARE ASSISTANCE

This month is recertification period for the determination of eligibility of mixed public assistance and other needy household who receive or desire to apply for commodities. All applicants, excepting public assistance clients who live alone, will be required to furnish wage statements from their employer or employers. In addition, in those cases where an automobile and/or truck is owned by anyone in the household, applicants will be required to present registration certificates or bill of sale for such vehicles.

The Department also wishes to announce that there has been a slight increase in income scale limitations which means that some families who were previously ineligible because of a small excess in income within the household might now be eligible to receive commodities under the new scale.

PRE-COLLEGE CONFERENCES AT PEARL RIVER JC

Pearl River Junior College will sponsor a series of summer pre-college conferences for incoming freshmen students who wish to attend the school during the 1966-67 session.

The first conference will be held on Tuesday, July 20 with students from the Bay St. Louis and Hancock North Central school areas scheduled to attend. Pearl River Junior College will run a bus from the Bay St. Louis High School scheduled to leave at 7 A.M. and arrive at Kiln at the crossings of Highways 602 and 603 at 7:30 A.M. to pick up passengers from that area. Students will return on the bus via the same route.

The second conference will be held on Thursday, July 22 with students from Picayune and Pearl River Central school areas scheduled to attend. The college bus will leave Bay St. Louis at 7:15 A.M. and leave Pearl River Central High School at 7:45 A.M. Students will return on the bus via the same route.

Details and schedules of other areas in the college district who are scheduled to participate will be released at a later date.

The purpose of the Pre-school conferences are to provide the students with an opportunity to visit the college, discuss their educational plans, and to pre-register for the fall term. Transportation to and from the school and the noon meal will be furnished without charge.

There's no one to negotiate with — you cannot negotiate with an enemy chair. No one, including North Vietnam, has shown any disposition to try to settle the matter. We cannot retreat; we cannot turn our backs and run out; we cannot be forced out. To do so would be to invite trouble of a far more serious nature, not only in Asia but elsewhere in the world. We cannot afford to back down and we never shall, whatever the cost. I really see the possibility of us having to literally take over great areas of that country, the civil government as well as the military operations, and run it more or less on our own, not for conquest but for victory. Now that's a serious step, of course. It would be misunderstood in other parts of the world, perhaps, but frankly, I think that's the only way we'll ever win, and as an individual I think the sooner we do that, the better, because it may spread into Laos or even Thailand or other countries in Southeast Asia. Meanwhile, our men there must be well-supplied, well-equipped

and can cause serious injuries!

The film is 10 1/2 minutes long, color and sound. If you're interested, contact your local Southern Bell telephone office.

MEETING— Barracks 2537 World War One Veterans regular monthly Meeting will be held July 19 — 7 p.m. at the American Legion home, all members are urged to attend. Refreshments will be served.

ADVERTISEMENT FOR BIDS

SEALED PROPOSALS, in duplicate, for furnishing of all labor and materials necessary for construction of ALTERATIONS & ADDITIONS TO THE HANCOCK GENERAL HOSPITAL, BAY ST. LOUIS, MISSISSIPPI, PROJECT NO. MISS-86B, all as hereinafter specified and all in strict accordance with plans, specifications and other pertinent contract documents heretofore referred to, are invited, and will be received by the Board of Supervisors of Hancock County, Mississippi, at the office of the Clerk of said Board (being the Chancery Clerk of Hancock County, Mississippi) in the Hancock County Courthouse, Bay St. Louis, Mississippi, with whom such sealed proposals shall be filed, until, but not later than, 10:00 o'clock A. M., CST on the 3rd day of AUGUST, A. D., 1966, at which time said sealed proposals will be publicly opened in the office of said Board of Supervisors in said Courthouse and read aloud.

SEPARATE PROPOSALS are invited and will be received for each of the following divisions of work: CONTRACTUAL DIVISION NO. I: GENERAL CONSTRUCTION, which covers all construction, except work in other Contractual Divisions

CONTRACTUAL DIVISION NO. II: MECHANICAL WORK — Plumbing, Heating, Ventilating and Air Conditioning.

CONTRACTUAL DIVISION NO. III: ELECTRICAL WORK

COMBINATION PROPOSALS, including GENERAL CONSTRUCTION, MECHANICAL WORK AND ELECTRICAL WORK will be received.

Complete plans, specifications and other pertinent contract documents covering the proposed work are now on file and open for public inspection, and may be examined in the office of the Clerk of the Board of Supervisors of Hancock County, Mississippi, in said Courthouse, and copies thereof may be obtained from the office of Landry & Mathews, Architects, 214 West Pine Street, Hattiesburg, Mississippi, upon deposit of \$25.00 for each set of such plans and specifications. The full amount of each deposit for one set of documents will be refunded to each actual bidder submitting a bid upon re-

turn of such set, complete, in good condition, within 10 days after the date of the opening of bids. Refunds for additional sets to actual bidders and to non-bidders will be returned, less approximate actual cost of reproduction of the documents, upon the return of all documents, in good condition, within ten (10) days after the date of opening of bids.

Further, all prospective bidders are invited, and expected, to visit the site of the work and thoroughly familiarize themselves with all of the conditions existing thereat.

PROPOSALS must be submitted, in duplicate, on the proposal forms furnished by the Architects and incorporated in the specifications, and will not be considered if submitted otherwise, and must be accompanied by Bid Security in the form of certified funds on a member bank of the Federal Deposit Insurance Corporation, or acceptable bid bond executed by a reputable and solvent surety company authorized to do business in the State of Mississippi, payable to Hancock County, Mississippi, in an amount equal to, at least, and not less than 5% of the Base Bid of any bidder, such security to be forfeited as liquidated damages, not as penalty, by any bidder who may be awarded a contract, but who fails to carry out the terms of the proposal and execute an appropriate agreement and other contract documents and a performance bond and other contract security in the form and amount specified and required by law and the specifications within 10 days after formal notice of such award. Performance bond in the full amount of any contract executed pursuant hereto will be required.

No Proposal may be withdrawn after the scheduled closing time for receipt of bids for a period of thirty (30) days.

EACH BIDDER MUST BE CERTIFIED AS QUALIFIED TO BID UPON AND PERFORM PUBLIC WORK IN ACCORDANCE WITH THE PROVISIONS OF CHAPTER 473, GENERAL LAWS OF MISSISSIPPI OF 1958, AS AMENDED, AND THERE SHALL BE SUBMITTED WITH EACH PROPOSAL THE NUMBER OF THE CERTIFICATION OF RESPONSIBILITY OF THE BIDDER SUBMITTING SUCH PROPOSAL.

It is contemplated that the contract will be awarded to the lowest responsible bidder or bidders as determined by the Board of Supervisors of Hancock County, Mississippi, but said Board reserves the right to reject any and all bids and to waive any and all formalities in bidding or in any bid.

PUBLISHED BY ORDER OF the Board of Supervisors of Hancock County, Mississippi, on this, the 6TH day of JULY, A. D., 1966. (SEAL)

MARIE E. QUINTINI, Clerk, Board of Supervisors Hancock County, Miss. 7/8/66

Put Standard on your team!

It took a lot of experienced skill to build the power machines on your farm today. And it takes a lot to keep them running at top efficiency. That's why the Standard Man's advice on fuels and lubricants can be as valuable as his quality products themselves. Yet it costs you not a penny extra! You couldn't call in a better expert—or a friendlier neighbor.

For unmatched service, call the Standard Oil Distributor—a local man who knows your needs and can serve them quickly.

We take better care of your equipment

A. J. SCAFIDI, Agent

Bay St. Louis, Mississippi

MANUEL MAURIGI

Who has been a hunter and fisherman all his life says he has gotten his share of game. Besides mending our shoes Manuel knows how to hit the nail on the head when it comes to entertaining his friends with stories of his hunting and fishing expeditions. We think the rabbits of the county are glad that he has about put the old blunder bus on the shelf. He enjoyed hunting the bushy tails and got his share.

"These musical horns scare me half to death."

"Why?"

"Well the guy who ran off with my wife had one on his car and every time I hear one I think he's bringing her back."

Bob Andrews and a group of business associates of Marietta, Ga. made a fishing trip out of Mobile over the 4th of July week.

They returned home with a nice catch of lemon fish, speckles, etc. Isn't it wonderful to live right where the fish are?

Visited the Lockheed Corporation outside of Marietta and saw air planes of the largest type under construction. These planes are the largest made in the country. Dobbins Air Force Base is also located at Marietta and is a combination of Reserve Air Force and Navy operations. Made trips to Atlanta where like all other large cities is growing in leaps and bounds. Marietta is practically a suburb of Atlanta and subdivisions are being born over night with homes out of this world. A red clay soil predominates and stains shoes and clothing pitifully but is easy to get used to.

Met Jessie and Mrs. Landers they are next door neighbors and swell folks. Jessie says he loves fishing but can't find time to go. Will be looking for that visit some time.

Commission forester examining a pine seedling planted in a gully on a small watershed. Since 1959 the Commission has planted 16.6 million trees on the small watersheds which will conserve soil and water, prevent flooding, increase land productivity and improve hydrologic conditions, while a crop of wood is being grown for the landowner.

Forestry Commission's area forester in each county, or other agricultural agencies.

Planting trees on idle lands is like putting money in a savings account. The increase in value takes place rapidly. Idle land produces a crop of taxes to be paid each year and no money with which to pay them.

In addition to producing valuable future harvests, planted trees provide many fringe benefits. They conserve soil from the ravages of erosion and help prevent destructive floods and silting of streams. They make the landscape more beautiful and provide cover and food for wildlife.

Because of the financial returns alone, seedlings are a good investment. Although the price of nearly everything else has gone up, seedlings still cost the same as in 1959. The first thousand are free to each landowner. All additional seedlings are \$4.50 per thousand. A charge of 35 cents per thousand is made for delivery of seedlings to a central location in the county. Persons ordering 25 thousand or more seedlings may have the delivery charge by picking up their seedlings at the nursery.

Owners interested in planting trees may contact the Forestry Commission's local forester to obtain assistance in selecting the best kind of trees for the land to be planted and determining the number of trees needed.

Happy Anniversary to Mr. and Mrs. Sherman Nease who will celebrate their ninth year of wedded bliss July 15.

Mr. and Mrs. August Ladner and daughter Brenda, Skippy Starita, Mr. and Mrs. William Bourgeois and family attended an all day outing on Jordan River with the Claiborne Ladner family in honor of their son, Wayne, who is home on leave from the service. A barbecue and swimming were part of the days activities.

Tommy Moran's Band will be playing at Jimmy Ladner's Lounge in Ansley on Friday nights and Marvin, Milton and Herman Ladner and Richard Proctor's Band will play on Saturday nights.

Congratulations to Patty Green, daughter of Mr. and Mrs. Victor Green Sr., of Lakeshore who received a trophy for the Outstanding Day Camper at St. Joseph's Summer Camp Site in Bay St. Louis.

SO. BELL SHOWS FILM "SLIPS AND FALLS"

Is a steelworker working on girders hundreds of feet above the ground involved in less hazardous work than an office employee?

Your immediate reaction: Of course not, that's a ridiculous comparison! But is it? You may have some different feelings on the subject, according to J. C. Dabney, Bay St. Louis telephone manager, after you've viewed a new Bell System film, "Slips and Falls."

The film compares the seemingly hazardous work of skyscraper steelworkers with seemingly safe occupations in offices and shops and uncovers some rather startling facts.

The film's theme is safety-on or off the job is a matter of attitude. As the steelworkers seated on girders high in a skyscraper under construction say: "Up here, we know we are in a hot spot, so we turn on our eyes — and keep them turned on." In offices, shops and homes, familiarity with poten-

CHANCERY SUMMONS NO. 9708

THE STATE OF MISSISSIPPI TO: HEIRS AT LAW OF ALEXANDER SWANSON & KATHRYN R. SWANSON, BOTH DECEASED

You are summoned to appear before the HONORABLE WILLIAM G. HEWES, Judge of the Chancery Court of the County of Hancock in said State, at 12:00 o'clock noon, on the 30th day of July, A. D., 1966, in vacation, at the Courthouse in Gulfport, Harrison County, Mississippi, to defend the said No. 9708 in said Court of EMILE A. BERTUCCI, JR.

This 6th day of July, A. D., 1966. (SEAL)

We spend our summers by the Inlet. Eddie and I love to walk the beach, watching with fascination the wild churning of the water where the ocean waves meet the strong river current.

"That's my name," he said, when I told him the churning water was called an "eddy."
It's more than his name. It's a picture of his life — and every child's.

Growing up is a succession of crosscurrents. The influences of the home meet those of the school — the playmates — the community — the times. Strange, new experiences must be fitted into the child's ever-widening world.

Religious training is the surest stabilizing force in this turbulent period of growth. Strengthened by parental faith and example, a child discovers in his Church that there are values greater than whim or adventure. He realizes that his own and his family's standards are rooted in the truths of God. And he learns with the firm rudder of faith to steer a bold course — out of the Inlet's swirling eddies — across the sea of life.

**COMMUNISTS ACTIVE
IN RACIAL
DEMONSTRATIONS
THROUGHOUT NATION**

(By Senator John Stennis)

The recent disclosure that a civil rights worker in Mississippi has solicited out-of-state funds in the name of an organization which has a long record of subversive activity is one of numerous reports that Communist sympathizers are active in Civil Rights movements throughout the country.

The Mayor of Chicago has stated in the press that he has definite proof that Communists are active in the racial demonstrations in that city.

NEWSWEEK Magazine recently quoted a West Coast civil rights organizer as saying that some Communists had helped his organization in a voting rights drive in Mississippi.

U. S. NEWS & WORLD REPORT published a statement by a University of California official in which he stated Communists were active in the recent demonstrations on that campus.

The president of Howard University, a large, predominantly Negro school in Washington, told the NEW YORK TIMES he knew of his own personal knowledge that Communists were active in the civil rights groups on his campus.

The Director of the FBI, J. Edgar Hoover, told a Congressional Committee within the past weeks that the FBI has 150 known or suspected Communist front organizations under investigation.

I am continuing to press the Attorney General to take action under the Internal Security Act of 1950 to identify and bring under control the activities of the active Communists and Communist front organizations. It is unfortunate that in the 15 years the law has been in effect, not a single individual Communist or Communist front organization has been forced to register or pay the penalty for not registering. Not even the Communist Party itself has been forced to register under the law.

that was signed to protect us from the Communists.

The first legal action under the Internal Security Act was filed against the Party 10 years ago but after "endless litigation" which included two appeals to the Supreme Court, that original case is back in the District Court for trial, where it was a decade and a half ago. Moreover, a recent ruling by the Supreme Court has cast some doubt on whether a judgment against the Communist Party in that case can be obtained on the evidence available at the time of the first trial, even though the Supreme Court ordered a new trial.

Under the 1950 law the Attorney General also began an action against certain Communist front organizations. That case, too, was bogged down for 15 years by time-consuming motions, appeals and other delays, until it finally reached the Supreme Court in 1965.

The Justice Department should not tolerate any delay in such important matters. I am pressing the Attorney General to remove or correct the causes of delay, whether it be suggesting needed changes in the law, or revision of judicial procedures.

When I brought this matter to the attention of the Attorney General, he replied that his Department had acted "promptly and vigorously" in enforcing the law.

The fact remains that not a single Communist has been registered nor has a Communist or Communist front organization been forced to pay the penalty for not registering.

The preacher said, "Brothers, my sermon this morning will be about liars. Now, has everyone read the 35th chapter of Matthew?" Half the hands in the congregation went up. "You're just the people I want to talk to. There is no such chapter."

**TWO NEW FORAGE
CROP VARIETIES
FOR MISSISSIPPI**

STATE COLLEGE, MISS: Improved varieties of two forage crops are being released this summer as a result of cooperative research between the U. S. Department of Agriculture and the Mississippi Experiment Station.

The new alfalfa, named Delta, is noted for its persistence. It has maintained a productive stand for five years after planting on heavy clay soils of the Mississippi Delta. It was developed by Dr. Howard W. Johnson, USDA plant pathologist, and Dr. Peter G. Hogg, agronomist at the Delta Branch Experiment Station at Stoneville.

Dr. Johnson says the persistence of this variety appears to be due in part to its tolerance to root and crown rots, leafhopper yellowing, and certain leaf spot diseases.

The other new forage crop is a ryegrass which has been named Magnolia. Dr. Johnson and Dr. Hugh W. Bennett of State College have announced its release. This variety is resistant to crown rust and shows some tolerance to certain leaf spot diseases. At both State College and Stoneville, Magnolia has been slightly superior to Gulf and common annual ryegrass in forage production and it has produced good yields of seed. Foundation seed supplies of both

varieties will be distributed by Foundation Seed Stocks, Mississippi State University, State College, Mississippi. Limited quantities of certified seed are expected in seed trade channels by autumn 1966 or 1967.

Detailed accounts of the development and characteristics of both these new varieties have been

published in the July issue of Mississippi Farm Research, and may be obtained on request from the Agricultural Experiment Station at State College.

A tree is something that stands still for 100 years, then suddenly jumps out in front of a woman and drive.

Mr. and Mrs. Henry Hildebrand of Metairie, La. and Waveland, had as guests over the Fourth of July weekend, their grandson Henry Hildebrand III and a friend C. Rhodes. They were joined later by Misses Fay Hardie and Cathy Mahner, Edith and Salome Hildebrand, Mr. and Mrs. Frank Masola and Mr. and Mrs. Fritz Delhome.

APPROVE HOSPITAL BIDS

Upon motion of Supervisor Dean duly seconded by Supervisor Lavingshouse the bids of the several proposals to supply equipment for the new wing of Hancock General Hospital, as awarded by the Commission of Hospital Care are hereby authorized and approved.

The above motion was unanimously adopted by the Board.

BE IT ORDERED by the Board that the Board recess until Monday Morning, May 24, 1965, at 9:00 o'clock A.M.

R. G. HUBBARD, Jr.
PRESIDENT

MONDAY MORNING, May 24, 1965, at 9:00 o'clock A.M., the Board met pursuant to recess.

There being present: R. G. Hubbard, Jr., President; Charles Lavingshouse, H. G. Dean, Alton Keller, members; Sylvan J. Ladner, Jr., Sheriff and Marie E. Quintini, Clerk of the said Board.

Supervisor Lott was absent and excused.

NASA OFFICIALS NEGOTIATE PATROL CONTRACT

The session opened with several officials of National Aeronautics and Space Administration present for the purpose of negotiating a contract for the County's police patrol of the Buffer area Test Site for the ensuing year; the NASA representatives being: Marion Kent, Jim Maxwell, Henry Williams, Ed Ling and B. U. Jones. These representatives distributed duplicate sheets containing general stipulations which NASA would desire in the new or renewal contract.

After a study of the sheets by members of the Board, Supervisor Dean of District One, proposed that instead of the five patrolmen contemplated by NASA there be provisions for six patrolmen. Thereafter the visiting officials conferred privately and announced no objection would be made to the counter proposal of six patrolmen instead of five, if such increased the annual cost to NASA of more than \$40,000.00, which exceeds the sum paid by NASA the first year.

When extended discussion disclosed tacit agreement to these general terms the Board authorized its President to negotiate further to cover all details; and then to sign a contract for the year.

AUTHORIZE HUBBARD TO MAKE CONTRACT

Upon motion of Supervisor Dean duly seconded by Supervisor Keller the Board authorized its President, R. G. Hubbard, Jr., to conclude negotiations immediately with NASA officials and to sign a contract for police patrol service

of the roads of the area next year.

The motion prevailed without dissent.

ADMIT MARY GOVAN TO SANATORIUM

Upon motion of Supervisor Keller duly seconded by Supervisor Dean that Mary Govan be and she is hereby approved for admission, as a patient, to the State Sanatorium in the following words and figures, to-wit:

The Board of Supervisors of Hancock County, Mississippi, does hereby request that this patient be admitted into the Mississippi State Tuberculosis Sanatorium and there cared for until the Superintendent of the Sanatorium in his opinion deems it safe to discharge her, and the Board of Supervisors agrees to issue warrant on statements submitted by the Superintendent from month to month for the care of said Mary Govan according to law.

The Clerk of the Board of Supervisors will transmit to the Superintendent of the Sanatorium a certified copy of this Order.

Ordered, adjudged this the 24 day of May, A. D. 1965.

EMPLOY LUCIEN M. GEX TO HANDLE BOND ISSUE

The having arisen a discussion as to whether the Board is required by law to have its Attorney handle a county bond issue, or to that purpose.

This discussion led to the following proceedings:

A motion by Supervisor Keller seconded by Supervisor Dean that Attorney W. J. Phillips be employed to handle the bond issue was defeated; Those voting "AYE" being Keller and Dean; Those voting "NAY" being Lavingshouse and Hubbard.

Thereupon, certain other members of the local Bar were named in the discussion of them appearing unlikely to secure unanimous approval; Supervisor Dean moved that Lucien M. Gex, the Board's Attorney, be employed to handle the school bond issue, and this motion prevailed without dissent.

PRESIDENT TO SIGN ROAD CONTRACT

Upon motion of Supervisor Lavingshouse duly seconded by Supervisor Keller the President of the Board was authorized to sign immediately a contract for the construction of a link of road between F.A.S. Project No. 2319 and BE IT ORDERED by the Board that the Board recess until Monday Morning, May 24, 1965, at 9:00 o'clock A.M.

R. G. HUBBARD, Jr.
PRESIDENT

PRESIDENT

NASA
News..

HUNTSVILLE, Ala. — A single J-2 rocket engine has been retired from service after being test fired 10,688 seconds in 60 separate tests.

J-2 is being developed for the NASA-Marshall Space Flight Center by Rocketdyne Division of North American Aviation, Inc. The test series, the longest achieved to date, was carried out at Rocketdyne's Santa Susana field laboratory near Los Angeles.

The J-2 burns liquid hydrogen and liquid oxygen, developing 200,000 pounds thrust at altitude. Five clustered J-2s will provide a million pounds thrust for the S-II (second) stage of the Saturn V moon rocket. A single J-2 will power the S-IVB, top stage for both the Saturn IB and Saturn V vehicles.

During a Saturn launch, the longest a J-2 will be required to operate will be about 500 seconds. In some S-IVB usage, this will include one shutdown and restart.

More than 4200 tests have been conducted with J-2 engines since the program was started in 1960. Of these, 26 were for a duration of 480 or more seconds.

Test firings of the five engine cluster are now being conducted by North American Aviation's Space and Information Systems Division, which is developing the S-II stage. The tests are conducted on a "battleship" tankage stand at Santa Susana field laboratory.

Douglas Aircraft Co., which is developing the S-IVB stage using the single engine, is presently conducting start and restart tests at its Sacramento test facility.

J-2 engines also have been delivered to the Marshall Center here and testing at the Huntsville facility is scheduled to begin in the near future.

WASHINGTON, D. C. — An engineering experiment with the ultimate aim of possibly returning to earth meteoroid-punctured metal sample from long exposure in space has been added to the Pegasus C/SA-10 project of the National Aeronautics and Space Administration.

Small "coupons" or subpanels of aluminum have been fastened to the Pegasus spacecraft with

simple, quick-detach fittings. The scheme is designed so that at some future date, if the experiment is feasible, an astronaut could detach the panels and carry them back to earth.

NASA officials emphasized that no decision has been made for an astronaut to rendezvous and retrieve such samples. If the subpanels are recovered from the space environment for laboratory study and analysis, they could provide actual samples of meteoroid hits. Knowing the nature and thickness of the material, and the length of time exposed, scientists could learn much about the meteoroids, their effects and other factors of the space environment.

Although numerous experiments have been conducted in space, no material punctured by meteoroids have been returned thus far.

Meteoroids are believed to be small particles of matter flying in space at great speeds. When they enter the earth's atmosphere they burn as meteors and those that reach the ground are known as meteorites.

The Pegasus experiment, managed by NASA's Marshall Space Flight Center, Huntsville, Ala., is designed to gather knowledge of the frequency and type of hits expected in space, and radio the information back to earth. So far, Pegasus I and II have recorded numerous hits, while other small satellites have added to the record.

In addition to installing the detachable subpanels, the Pegasus C flight plan has been changed to a circular orbit about 332 miles above the earth at 28.9 degrees inclination rather than an elliptical orbit at 31 degrees inclination. The change is to orbit Pegasus C closer to a nominal manned flight path.

The Marshall Center made up eight panels for the special purpose on Pegasus C, and then positioned them at comparable locations on each of the two wings of the spacecraft, four to each side. The frame of the spacecraft was coated with luminous paint to make it easier to recognize in orbit.

Luminous paint was also coated on the frame of the eight individual panels holding the detachable subpanels.

There are six coupons on each panel, three to each side, for a total of 48 coupons. They are made of aluminum in three thicknesses, as follows: 16 of them at .008-inch or 8 mils thick; 24 at 16 mils or .016-inch; and eight at 32 mils or .032-inches.

The subpanels are attached at two relay points to the main panels and could be removed quickly. The 11x16 inch size is easy to carry and can be stored in the compartment within the Gemini or Apollo spacecraft.

Two major program divisions of NASA have worked cooperatively on the Pegasus/Saturn project. The Pegasus project is the responsibility of the Office of Advanced Research and Technology, while the Saturn is a major project of the Office of Manned Space Flight.

The Pegasus C launch is scheduled for July 30 at Cape Kennedy.

CONSERVATION WORKSHOP AT PERKINSTON JULY 26-30

There will be an annual conservation workshop held at Perkinston Junior College and the University of Mississippi Forest Lands July 26-30, according to District Forester K. P. Burchfield of Wiggins.

The Conservation Workshop was established last year as an annual session designed to provide attending teachers with a current knowledge of our conservation program and practices. This Conservation Workshop is being sponsored jointly by the Mississippi Forestry Association, State Department of Education, Mississippi Forestry Commission, Extension Service, Southern Pulpwood Conservation Association, and other interested firms and individuals.

Teachers of science and social studies at all grade levels, principals and school supervisors will make up the five day school.

Forester John O. Moore of Wiggins will lecture on "Fire Protection" and "Naval Store in Mississippi." Some other subjects to be covered include: "Wild Plants of the Region," "Utilization of Wood Products," "Game Management" and many more.

Cameron-Vassalli Wedding

Our Lady of the Gulf Catholic Church was the setting for the wedding at 1 p.m. Saturday of Miss Melanie Claire Vassalli, daughter of Mr. and Mrs. August Vassalli of Bay St. Louis, and James Larry Cameron, son of Mrs. Nettie Cameron of Wiggins.

The Rev. Michael Kelly performed the double ring ceremony. Arrangements of white gladioli and carnations decorated the altar.

Given in marriage by her father, the bride wore a white linen street length dress fashioned with a lace bodice with three-quarter length sleeves.

Her short veil of illusion was held in place by a pearl clip and she carried a bouquet of white carnations. Her only jewelry was a diamond cross, a gift of the groom.

Mrs. Donald Strong was her sister's matron of honor and only attendant. She wore a two piece turquoise crepe suit, matching accessories and carried a bouquet of yellow blossoms.

A reception was held at the Parish Hall.

The bride's table, covered with a linen cutwork cloth, was centered with the three-tiered wedding cake encircled with white gladioli, carnations and fern, flanked by silver candelabra holding white tapers.

Mrs. Ivan Bradford presided at the cake table and Mrs. Thomas Egloff, aunt of the bride, served punch. Mrs. Donald Moran kept the bride's register.

Peggy LaFontaine, Mary Strong and Barbara Goodsell served as tea girls.

Mrs. Vassalli chose for the occasion a two piece blue linen suit, white accessories and a white carnation shoulder bouquet. The mother of the groom wore a pink sheath with a chiffon overskirt and beige accessories with pink carnation corsage.

Mrs. L. J. Cameron, grandmother of the groom, who assisted in receiving, wore a two piece suit with matching accessories.

For traveling the bride chose a white dress, red accessories and a corsage of red roses.

On their return from a wedding trip to Jackson, the couple will make their home at Apt. 1, 31 Avenue, Hattiesburg.

The bride is a graduate of St. Joseph Academy and Perkinson School of Nursing. The groom, a graduate of Perkinson High School and Perkinson Junior College, will continue his studies at the University of Southern Mississippi.

Out of town guests were Mrs. Mary Deason, Gulfport; Mrs. O. O. Matherne and Mr. and Mrs. M. Matherne, New Orleans; Mrs. Lola Conley, Mr. and Mrs. Harvey

BIEHL FAMILY REUNION SATURDAY

A reunion of Mr. and Mrs. Albert Biehl's family was held Saturday at the Old Spanish Trail home of their son-in-law and daughter Mr. and Mrs. Lloyd Farnison.

Attending were their five children and grandchildren, Mr. and Mrs. Albert Biehl Jr. and children, Owen, his wife, Barbara, Helen, Margaret, Daisy, Betty, Mary, Bob and Edwin, Mr. and Mrs. Farnison (Helen) and children, Anne, Stephen and Joy; Mr. and Mrs. Lloyd Biehl and children, Cheryl, Jean, Jamie and Mark of Mobile; Mr. and Mrs. George E. (Audrey) Corr and children, George, Marie and Angelle and Mr. and Mrs. Samuel (Gloria) Sterling and children Sam Pat, Timmie, Teri, Lee and Melanie of Akron, Ohio.

Visiting the group in the afternoon were Capt. and Mrs. Charles Van Trier.

Mrs. Sterling and children, who spent a month with her parents, returned home Sunday.

WILL BE MARRIED SUNDAY

Miss Linda Ann LaCroix of New Orleans and Charles Anthony Scivique, grandson of Mr. and Mrs. R. A. Scivique of Bay St. Louis, will be married Saturday in Our Lady of the Gulf Catholic Church.

Mr. and Mrs. Scivique will entertain at a dinner for the couple following the ceremony. The groom-elect, who is in the U. S. Marines, is presently stationed in San Diego, Calif.

LEAVE FOR INDUCTION CENTER IN JACKSON

Mrs. Joyce Ladner, Clerk Selective Service Board 24, reported this week Fred Alphonse Bourgeois Jr., Ronald Loren Netto and Isiah Thomas left Tuesday for the Jackson Army Air Base for induction into the U. S. Army.

Leaving July 20 for their pre-induction physical will be, Mack Charles Harris, Jake Anthony Morreale, Horace Allen Ladner, Sammy Kay Lee, August N. Raufel Jr., Theodore Thomas Jr., Patrick L. Shorb and Charles A. Burton.

FIFTH BIRTHDAY

Libby Favre celebrated her fifth birthday with a party Sunday afternoon at the home of her parents Mr. and Mrs. Jeffrey Favre.

A three-tiered cake decorated in pink and white with ballerinas centered the refreshment table.

Guests were Colleen, David and Kevin McCaleb, Curtis, David, Kevin, Tammy and Robin Favre, Bobby Fayard, Laurin, Adele and Keith Favre, Chuck, Steve, Kenneth, Peter, Paul, Mary Ann and Danita Louise Scianna, Denise Monti, Marina Thompson, Stephanie and Julie Ford and Libby's brother Christian.

ANNOUNCE BIRTH

Mr. and Mrs. Leroy Wilkerson of Sandstone, Va., announce the birth of their first child, a son, Kenneth Mark, June 29, at Richmond Memorial Hospital. He weighed seven pounds, nine ounces.

Mrs. Wilkerson is the former Brenda Favre, daughter of Mr. and Mrs. Harold Favre of Bay St. Louis. The new arrival is the first grandchild for Mr. and Mrs. Favre.

BEACH PARTY

Senior High group of the Methodist Youth Fellowship will have a beach party Friday night. The group will meet at 7 p.m. at the Methodist Church. Mr. and Mrs. William Whitfield, will accompany them.

RECEIVES CITATION

Edward Werling of Bay St. Louis received a National membership citation for Sons of American Legion Squadron 139, from the American Legion Saturday at the Legion convention in Biloxi. The presentation was made by the State Commander.

Mrs. John Damborino left Friday for Gainesville, Fla., where she will visit her son-in-law and daughter Mr. and Mrs. Douglas Brown and children Janice, Doug, Jr., and Michael.

Mr. and Mrs. Clifton Salvant of Waveland have as their guest their daughter, Mrs. Ernest A. Salle Jr. and daughters Sherrie Ann and Suzanne Alice of Elison A.F.B., Alaska.

Mrs. Evie Guenard and Mrs. Salvant motored to Lansing, Michigan to meet Mrs. Salle who drove down from Fairbanks, Alaska.

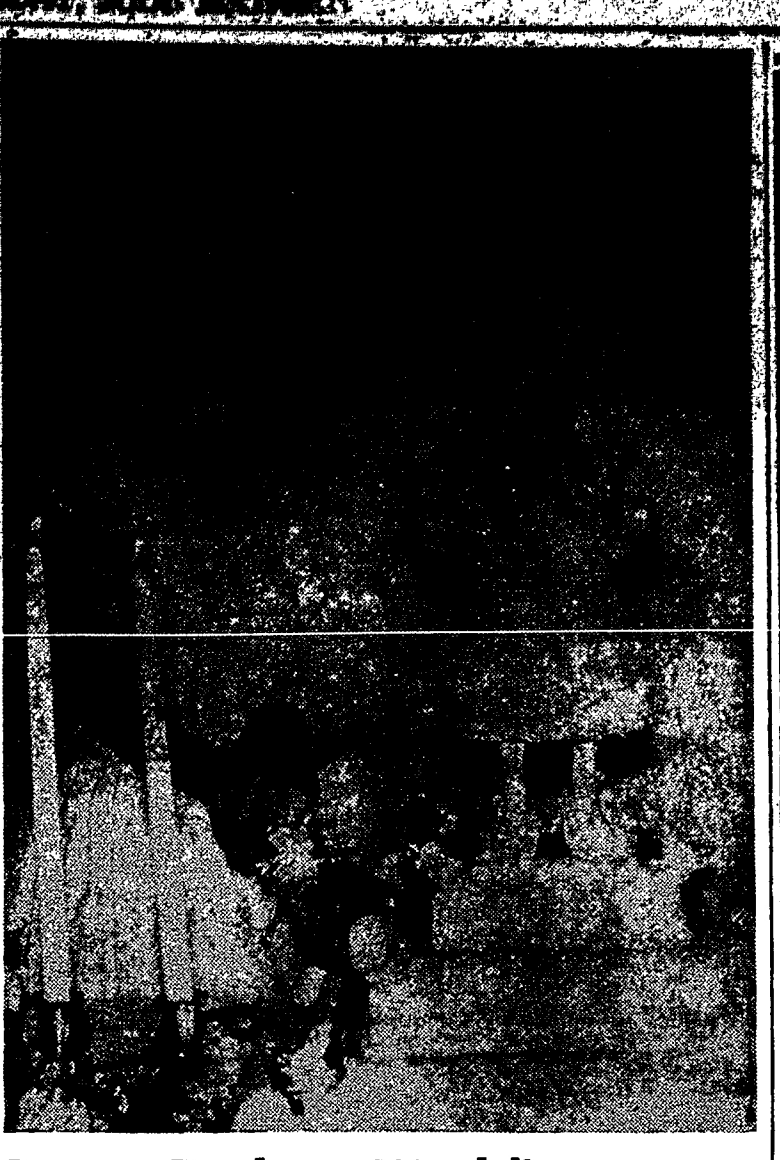

She will be joined in September by her husband S/Sgt Salle, U. S. A.F.

They will then visit with Col. and Mrs. Salle Sr. in Arkansas.

Mrs. Harold Favre and daughter Sandra returned Thursday from Sandstone, Va., where they spent several weeks with Mrs. Favre's son-in-law and daughter, Mr. and Mrs. Leroy Wilkerson and baby.

Mrs. Nelius Rhodes Jr. and children Nelius III and Mary Beth of Jackson who visited her parents Mr. and Mrs. Frank Daley in Pass Christian and Mr. and Mrs. Rhodes Sr. in Bay St. Louis last week were joined over the weekend by her husband. They will spend this week with his parents.

Spaul, Phillip Breazeale, Mrs. Wanda Dale, Loretta Farley and Opal Watts, Wiggins, and Mrs. L. J. Cameron, Moss Point.

Bourn-Pucheu Wedding

Miss Susan Hilda Pucheu, daughter of Mr. and Mrs. Evan Pucheu of Bay St. Louis became the bride of Jewel Bourn Jr., son of Mr. and Mrs. Bourn Sr., asio of this city in a double ring ceremony at 2 o'clock Saturday afternoon in Our Lady of the Gulf Catholic Church.

The Rev. James O'Riordan performed the ceremony before an altar banked with white gladioli, daisies and greenery.

Professor Joseph Hemmersbach, organist, played the processional and recessional and a program of appropriate music during the ceremony.

Given in marriage by her father the bride wore a peau de soie gown fashioned with a full skirt with appliques of lace embroidered in sequins and seed pearls which fell into a train. The fitted bodice featured a round neckline and cap sleeves.

Her elbow length veil of illusion fell from a pillbox embellished with pearls and sequins and she carried a bouquet of fleur d'amour and tuberoses.

Miss Dianne Avriett, New Orleans, who served as maid of honor, wore a blue brocade taffeta floor length dress fashioned with bell skirt and fitted bodice with short sleeves, the bridesmaids, Miss Del Netto, and Donna Lynn Johnston, a cousin of the bride, wore dresses similar to the maid of honor in a lighter shade of blue. They all wore matching pillboxes with circular veils and carried cascades of white carnations.

Teddy Bilbo, Bay St. Louis, served as best man and groomsmen were Gerald Fayard, cousin of the groom, and Carlos Ladner, Lakeshore.

Tommy Johnston, cousin of the bride, and Norvin Fayard, uncle of the groom, were ushers.

A reception followed at the Knights of Columbus Hall.

Mrs. Pucheu received their guests wearing a white dress, white accessories and a corsage of pink cymbidium orchids.

The mother of the groom chose a pink dress, matching accessories and a white cymbidium orchid corsage.

The bride's table covered with a white lace cloth held a four-tiered wedding cake topped with the traditional bride and groom encircled with fern and fleur d'amour.

The bride's aunts Mrs. Owen Bosarge and Mrs. Genevieve Johnston served the cake. Mrs. Norvin Fayard and Mrs. Audrey Geoffrey presided at the punch table.

For traveling the bride wore a white suit, pink and white blouse and a shoulder bouquet of pink cymbidium orchids.

Mr. and Mrs. Bourn are making their home at 304 Union Street.

The bride and groom are both graduates of Bay High School. He is presently employed at Winn Dixie and she is employed at Lorraine Flower Shop.

Out of town guests were Mrs. Emile Avriett, Mr. and Mrs. Paul Landry, New Orleans, Mr. and Mrs. Sam Guagliardo, Ocean
